

TWIST-LOK® STEEL

Light Duty

2'-4' (0.6 m – 1.2 m) extension pole - Model #9404
3'-6' (1.0 m – 1.8 m) extension pole - Model #9406

SPECIFICATIONS:

1" (2.5 cm) diameter round steel handle and
7/8" (2.2 cm) diameter round steel slider tube

PACK QUANTITY: 12

Quality Powder Coated Steel

- Lightweight steel slider and handle combination.
- Powder coating reduces rust and provides an attractive glossy finish.
- Nylar universal threaded end fits most standard threaded tools including paint rollers, edgers, dusters, and much more.

Internal Locking Device

- Twist-lok locking mechanism locks at any extended length.
- End cap with hole for peghook or easy storage.

Use **TWIST-LOK STEEL** to get all these jobs done.
