**DIY WINDOW & SOLAR PANEL CLEANING KITS**

## DIY Deluxe Window & Solar Panel Cleaning Kit Model #1005

Extend your reach to clean windows and solar panels with this two-in-one easy to use kit. The ProCurve® system is designed to clean windows and solar panels faster, safer, easier and is better for the environment. Using this system leaves no carbon footprint and conserves water, unlike complicated, expensive, non-eco friendly equipment. The ProCurve® System allows you to reach and clean even the most difficult to access windows and solar panels.

The HydraSoar® flow-thru extension pole and soft brush expedites the cleaning process when a water supply is available.

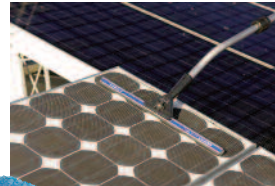

PACK QTY. 1

### INCLUDES:

- 5-12' ProCurve extension pole
- 4-8' HydraSoar flow-thru extension pole
- 18" Sorbo® squeegee channel & rubber
- 2 ProCurve tool handles
- 14" deluxe wash sleeve
- 14" support bar
- Soft flow-thru brush
- Canvas carrying case
- Printed Instructions

Unique curved slider tube allows the user to manipulate the movements of the tools to reach areas that would otherwise be impossible using a straight pole.

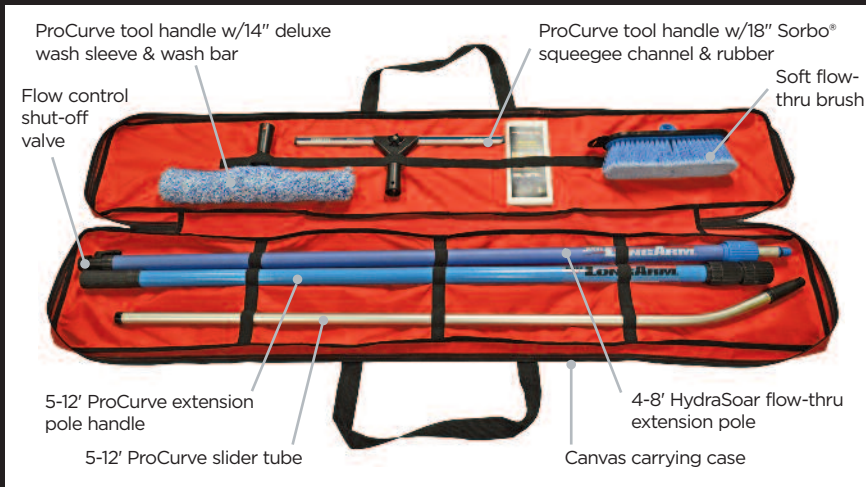

Tool handles rotate smoothly on the specially designed tapered fitting of the ProCurve extension pole.

Soft brush recommended for use on windows, solar panels, siding, awnings, and gutters

HydraSoar attaches to a standard garden hose.

*Not included.*
