

SMOOTH SAILING.

The Woodmates® 7" deck stain applicator kit includes the tools you need for a beautiful deck – in one bag! The 7" deck stain applicator sails over even the roughest deck boards and the contour stain applicator flexes in and out to easily stain balusters, rails, spindles and other contoured surfaces. Tear-resistant foam pads hold and release more stain than other pads and prevent dripping and pooling for a smooth finish.

★★★★★ CUSTOMER REVIEWS

"I had used a roller to initially stain my porch. The roller left 'roller over marks'. So, I purchased this pad to see if it would be better. This time, no marks, just smooth staining." — SC

"Spindles, balusters or railings, whatever you want to call them, staining deck spindles is an absolutely soul crushing job...The Woodmates tool flexed around contours and had a replaceable hook and loop style pad for easy cleanup. I was able to zip up and down really quick and the pads helped the stain penetrate into the wood." — Josh
