

### QUICK CHANGE ARTIST.

Mr. LongArm letter changers let you change signs fast! When combined with the Pro-Pole Fiberglass you get the perfect sign changing duo. Pro-Pole Fiberglass is one of our most durable and rigid extension poles. Constructed of smooth fiberglass inner and outer tubes, this heavy duty pole is perfect for challenging jobs that require greater reach and rigidity.

#### ★★★★★ CUSTOMER REVIEW

*“Saved me soo much time when changing our marquee out front!!! Love it! Before we had to climb a ladder to change and now it only takes 5 mins vs 30-45 before. Such a great product.”*

# PRO-POLE® FIBERGLASS EXTENSION POLES

*All weights and specifications are approximate.*

## PRO-POLE® FIBERGLASS EXTENSION POLES

- External compression locking device provides a secure lock at any extended length
- 1½" diameter smooth fiberglass handle and 7/8" diameter smooth fiberglass slider make this pole extremely rigid
- Rubber hand grip
- Metal threaded end with Lok-thread® prevents tools from loosening during use
- Made in USA
