

HYDRA-SOAR® FLOW-THRU EXTENSION POLES

All weights and specifications are approximate.

LET IT SOAR.

Getting your water off the ground and up on the big jobs couldn't be any easier! Hydra-Soar® is the perfect tool to easily clean all your large exterior jobs. Choose from a variety of brushes for nearly any finish and check out the angle adaptor to adjust the water flow for gutter cleaning and more.

★★★★★ CUSTOMER REVIEW

"Excellent family of products! I'm very happy with the quality and construction of all the products I purchased: they really help make tedious tasks quicker and easier to accomplish, and I'm all for that! The green brush is so soft I can safely use it on my cars' clear-coat finish and my motorhomes' fiber-glass gel-coat."

— Careful Consumer
