POSITIVELY POSITIVE.

Super Tab-Lok's push-button locking mechanism provides a positive lock every time. Applications that require applied pressure such as scrubbing and scraping are its forte. Preferred by Professional Detailers.

★★★★★ CUSTOMER REVIEW

"Makes cleaning your RV or windows a dream. This is my second Mr. Long Arm. The first one is still going strong after cleaning my rv for years. I am simply adding another brush type to my arsenal. I'd rate this extension pole a top pick. Always easy to use, great balance, very strong. Can't get much better than this."

— A.C.

SUPER TAB-LOK® EXTENSION POLES

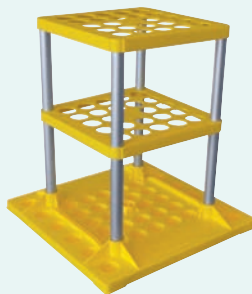

- Push-button positive locking device provides a secure lock
- 1¼" diameter smooth fiberglass handle with rubber hand grip
- 1" diameter tri-oval aluminum slider prevents twisting, anodizing prevents rust
- Metal threaded end with Lok-thread® prevents tools from loosening during use
- Made in USA

- Easy assembly, easy to clean
- Made in the USA

WORKHORSE.

Got a big job to do? The heavy duty Truck 'n Bus pole is your go-to extension pole for jobs of all kinds. Extremely rugged locking device and available in two and three section lengths. Our best selling Poles in the RV Industry.

★★★★★ CUSTOMER REVIEW

"I've had lots of inexpensive extension poles in the past that I've used for painting, sanding, and cleaning (boats and RV's). I decided to spend a few more dollars this time, and I'm glad I did . . . I bought two Mr. LongArm brushes to go with it: a soft one for the RV and car and a stiffer one for the back porch. Both are excellent quality, nicely padded to avoid scratching, and stay on the handle securely. I like this set up a lot."

— Careful Consumer

TRUCK 'N BUS EXTENSION POLES

MEDIUM PRICE POINT – HEAVY DUTY

TRUCK 'N BUS 2-SECTION EXTENSION POLES

GOOD ADDITION TO THE RV.

Medium duty Pro-Pole is one of our most versatile extension poles. Pro-pole can handle nearly any job you can think of and is durable yet lightweight with a comfortable fluted grip.

★★★★★ CUSTOMER REVIEW

"A very nice medium duty extension pole. I use it to wash my 5th wheel camping trailer. Quality product that will stand up to constant use."

— P.G.

PRO-POLE® EXTENSION POLES

MULTI-USE.

Twist-Lok is our lightest extension pole, perfect for RV maintenance like exterior cleaning, and window/windshield washing. Lets you reach hard-to-access areas but is comfortable to handle. Fits a variety of attachments from cleaning brushes to dusters and even boat hooks.

★★★★★ CUSTOMER REVIEW

"The most common use for an extension pole like this is for dusting or cleaning high windows and ceilings. I use it as a telescoping mast for my cellphone booster antenna in my RV. It has withstood 30mph sustained winds with up to 50mph gusts with no problem. I also can use it with a brush head for cleaning the RV exterior. Great product."

— S.B.

TWIST-LOK® EXTENSION POLES

- Bi-directional twist-lok locking device provides a secure lock at any extended length
- 1" diameter smooth aluminum handle and 3/4" diameter aluminum slider with anodizing to prevent rust
- Nylar threaded end fits standard threaded tools
- Made in USA

HYDRA-SOAR® FLOW THRU EXTENSION POLES

LET IT SOAR.

Getting your water off the ground and up on the big jobs couldn't be any easier! Hydra-Soar® is the perfect tool to easily clean all your large exterior jobs. Choose from a variety of brushes for nearly any finish and check out the angle adaptor to adjust the water flow for gutter cleaning and more.

★★★★★ CUSTOMER REVIEW

"Excellent family of products! I'm very happy with the quality and construction of all the products I purchased: they really help make tedious tasks quicker and easier to accomplish, and I'm all for that! The green brush is so soft I can safely use it on my cars' clear-coat finish and my motorhomes' fiber-glass gel-coat."

— Careful Consumer

WINDOW & SOLAR PANEL CLEANING KIT

All weights and specifications are approximate.

POWER UP.

Maintaining a clean surface on your solar panels is essential for optimum energy output. The ProCurve Solar system is designed to clean solar panels faster, safer, easier and is better for the environment. Using this system leaves no carbon footprint and conserves water, unlike complicated, expensive, non-eco friendly equipment.

★★★★★ CUSTOMER REVIEW

"Solar Panel Cleaning — Mr. Longarm Gets the Job Done. I have two solar arrays that are too large to reach for cleaning without extension. This kit has it all; extensions, cleaning heads, squeegees, brushes, etc. The canvas bag the kit comes in is well made and holds all the tools/ poles nicely for transport and storage."

— Doug M.
