

## MULTI-USE.

Twist-Lok is our lightest extension pole, perfect for around-the-home tasks like painting, dusting and window cleaning. Lets you reach hard-to-access areas but is comfortable to handle.

### ★★★★★ CUSTOMER REVIEW

*“Major help when painting ceilings or any high location. Very light weight and simple to use. It’s one of those things I wish I had come up with. Twist lock holds tight so once you have it set to the length you desire it won’t slip. It’s not so tight that it is difficult to adjust mid job if needed. I would definitely recommend this to a friend, neighbor or family member.”*
